EDUCATION

2013 - 2025

Ryan International School

2025 - 2029

Dwarkadas J. Sanghvi College of Engineering (B. Tech in Computer Science and Engineering - IoT, Cybersecurity & Blockchain)

SKILLS

Technical Skills

- Java, C, Python, HTML, CSS, Bootstrap, JavaScript, Git, Flask, SQL

Soft Skills

- Problem Solving, Creativity, Adaptability, Collaboration, Time Management, Quick Learner, Attention to Detail

COURSES & CERTIFICATIONS

- CS50's Introduction to Computer Science | Harvard University (edX)
- 100 Days of Code: The Complete Python Pro Bootcamp | Udemy (Dr. Angela Yu)
- CyberOps Introductory Bootcamp | DJS ISACA

PROFILE

2nd-year engineering student and developer with strong foundations in Python, Java, C, JavaScript, SQL, and Flask. Currently completing "100 Days of Code" and Harvard's CS50, having built 80+ projects across automation, games and web apps. Proficient in HTML, CSS, Bootstrap, and Git, with a growing interest in full-stack development and building real-world tools. Beyond coding, 7+ years in visual design and video editing give me a unique edge in crafting user-centric digital experiences. I thrive on learning, collaborating, and taking on new challenges.

PROJECTS

PASSWORD MANAGER | PYTHON

- Developed a secure application to generate, store, and manage strong passwords locally
- Implemented data persistence and focused on intuitive user interaction flow

SNAKE GAME | PYTHON

- Recreated the classic arcade game with collision detection and real-time score tracking
- Practiced object-oriented programming and game loop management

COFFEE MACHINE SIMULATOR | PYTHON

- Built a program simulating machine operations with resource management and transaction logic using object oriented programming
- Demonstrated control flow, functions, and data structures

WEB DESIGN PORTFOLIO | HTML, CSS, BOOTSTRAP

- Created multiple responsive web interfaces and landing pages
- Applied modern UI/UX principles through self-study and practical tools
